MSR 22 oz Fuel Bottle (FB-MSR)

Description

MSR fuel bottles are a great way to carry additional fuel for your camp stove. MSR Fuel Bottles are made from a single piece of impact-extruded aluminum to prevent leaks and cracks. These fuel bottles are designed with thicker aluminum at the bottle's base and shoulders to resist bulging when pressurized. Holes in the bottle cap shaft allow a measured flow and prevent spills. An air-tight seal allows fuel to be stored longer by preventing air from entering and degrading fuel. Fuel bottle rental includes fuel.
